A.)

INTRODUCTION

The Office of the State Controller, State Purchasing & Contract Office in the Department of Personnel & Administration is responsible for the statewide implementation and administration of the Procurement Card Program. The State Purchasing Office Procurement Card Coordinator is the point of contact for statewide procurement card policies and procedures. The DMVA Procurement Card Coordinator is responsible for establishing and updating Departmental policies and procedures.

The procurement card program is established to allow state agencies, departments, and institutions to use a credit card to make small purchases. Any state employees may be eligible to become procurement card Cardholders. The goal of the program is to make it easier for state employees to acquire goods and services while providing more timely payment to vendors and reducing the number of small dollar payments. **It is anticipated that the use of these credit cards will benefit the Department in several ways:**

- **Increased purchasing flexibility for Cardholders**
- **Faster ordering and receipt of goods and services**
- **Improved management of reports and purchasing activity (improved ability to plan)**
- **Convenience**
- **Control of small \$ amount Purchases**
- **No purchase order required**
- **Vendor receives immediate payment**
- **Streamline the payment process**

Procurement card purchases are governed by the same [State Statutes](#), [Procurement Code](#), [Personnel and Fiscal rules](#) which apply to all purchases regardless of how they are paid by the state. Therefore, all purchases are to be for official State business and must comply with the State of Colorado Procurement Code and Fiscal Rules. Any unauthorized purchase can result in an employee being held personally responsible in accordance with the Colorado Revised Statute ([CRS](#)), [24-109-404](#),

LIABILITY OF PUBLIC EMPLOYEES:

"IF ANY GOVERNMENTAL BODY PURCHASES ANY SUPPLIES, SERVICES, OR CONSTRUCTION CONTRARY TO THE PROVISIONS OF THIS CODE OR THE RULES PROMULGATED PURSUANT THERETO, THE HEAD OF SUCH GOVERNMENTAL BODY AND THE PUBLIC EMPLOYEE, WHICH FOR THE PURPOSES OF THIS SECTION INCLUDES ELECTED OFFICIALS, ACTUALLY MAKING SUCH PURCHASE SHALL BE PERSONALLY LIABLE FOR THE COSTS THEREOF. IF SUCH SUPPLIES, SERVICES, OR CONSTRUCTION ARE UNLAWFULLY PURCHASED AND PAID FOR WITH STATE MONEYS, THE AMOUNT THEREOF MAY BE RECOVERED IN THE NAME OF THE STATE IN AN APPROPRIATE CIVIL ACTION."

Cardholders and Approving Officials play a critical role in ensuring the success of the procurement card program. The receipt of a procurement card is the State's demonstration of confidence in the Cardholder. Although the card lists an individual's name or department name it is actually issued to the State. Each agency is responsible for the use and payment of every purchase made with the card.

US Bank is the card issuer. Each card has multiple controls in place, such as spending limits and a

specified number of transactions per cycle period. Every individual who is authorized to use a Procurement card and their Approving Official must receive training, pass a comprehensive test and sign an agreement acknowledging the intent to follow all DMVA Pcard program policies and procedures.

B.) APPROVING OFFICIAL REQUIREMENTS

Approving Official: The Approving Official is the person authorized to review Cardholder transactions to ensure compliance with procurement card policies and guidelines. This person may or may not be the cardholder's supervisor.

Responsibilities of the Approving Official:

- Review and sign monthly account statement/printout for each Cardholder (electronic signature is accepted.)
- Assure that all statement reconciliation documentation is received and retained in accordance with Department practices and procedures.
 - Include **Transaction Dispute** or **Lost or Unavailable Transaction Information forms**, if necessary.

- Determine that there are no Excluded Transactions and/or Excluded Vendor Types.
- Review receipts for Tax Charges.
- Ensure that supporting documentation is attached for each transaction.

 - Verify that each listed charge is valid and matches the transaction documentation.
 - Identify any disputed charges
 - Reconcile credits in the same manner as charge transactions.
 - Attach all supporting documentation and a copy of the transaction log (if used), to the statement.
 - Sign the statement and forward it to the Approving Official for approval.

Each procurement card will be activated in accordance with the procedure explained by the p-card administrator. Please contact administrator upon receiving the card. The Cardholder is responsible and accountable for the procurement card and its use at all times.

For Individually Assigned procurement cards, the person to whom the procurement card is issued is the only one authorized use of that particular procurement card - the procurement card must not be given to or shared with other employees.

The procurement card must be returned to the Department of Military and Veterans Affairs' Pcard Administrator. This procedure is also a part of the employee out briefing with the Human Resources Director when the cardholder leaves State employment, or transfers to another unit or department.

All state employees may be eligible to become procurement card Cardholders. Supervisors must approve employees as Cardholders based on their job responsibilities and employees need to make purchases. Supervisors are also responsible for recommending procurement card limits as discussed below. The Program Administrator approves procurement card limits within the overall limits established by the agency.

A [Commercial Card Cardholder Account Form](#) must be completed to start the application process. The form includes Cardholder information, reporting hierarchy, Cardholder controls (limits) and the default accounting code for transaction charges, if available. The Cardholder's supervisor/approving official must approve the form and submit it to the Program Administrator who reviews and approves the request and submits it to **US Bank**. The bank issues the procurement card in about 10 days and mails it to the Administrator who retains it in safekeeping until it is issued to the Cardholder after all documentation and training is completed and an approving official documentation is complete.

**Valid source documentation may be:*

An itemized receipt and card transaction slip from the vendor.

A packing slip from the delivery (if the items with pricing are included).

Order forms for dues, subscriptions, registrations or similar items.

An invoice showing credit card payment

D.) PURCHASING RULES FOR THE PROCUREMENT CARD

Cardholders will use procurement cards to pay vendors for the procurement of authorized goods and services costing up to the cardholder's limit per transaction when such procurement is used to further the business of the State (official State business ONLY.)

- At no time should cards be used for single purchases exceeding \$8500.
 - State Fiscal Rules require a commitment voucher for single purchase needs exceeding \$8500.
- Each procurement card will have the following spending limits based on anticipated needs:

Single dollar purchase limit - \$8499 or less, as determined by the Program Administrator or recommended by the supervisor

Spending dollar limit per monthly cycle

Dollar amount per day (Optional)

Maximum number of authorizations per day

Maximum number of transactions per monthly cycle

Merchant Category Code restrictions

Cardholders must coordinate with their Approving Officials to increase limits, if card limits are restricting purchases required to perform job responsibilities, to update changes in work address, default account codes, etc. The Cardholder's supervisor must approve all changes.

Procurement Card Limit Increases for specific purchases:

- Discuss with your approving official to determine if the specific limits can be raised for a particular situation and submit this request to the Program Administrator.
- Ensure that the purchase is practical and pricing is fair and reasonable.

Determine if there are any other requests for this particular vendor within the work unit to determine if a purchase order request should be made to the Purchasing and Contracts Office.

Orders may be placed in person, by phone, fax, e-mail, Internet, or mail. If the order is placed through a website, make sure it is a secure site (ex: https: or secure lock symbol in web address)

The purchase is tax exempt (some exceptions may apply). It is the cardholder's responsibility to ensure tax is not charged. The merchant can be provided with the Tax Exempt certificate if the number printed on the card is not visible or sufficient.

E.) PROHIBITED TRANSACTIONS

The procurement card must not be used for the following purposes (*Emergency State Activated Procurement Card purchases are reviewed on a case by case basis and are NOT addressed in this manual please refer to [SAD Regs](#) for details**):

- Unauthorized purchases also include purchases generally considered legitimate that are un-allowed or not approved by a Cardholder's supervisor, unless approved in writing prior to the purchase.
- Purchase of goods and services for personal use or for the personal benefit of another individual.
 - It is prohibited to make ANY personal purchases or transactions with the Procurement Card or any other procurement method. It is against the law to use government funds, State or Federal, to purchase items for personal use. Even though the Cardholder may have paid the State back, or intends to pay back the amount of the purchase, it may be considered a fraudulent act.
- Purchase of any Software Subscription or License.
- Cash advances such as cash back with a purchase, cash credit returns, traveler's checks, money orders, and ATM transactions (**in rare situations, gift certificates are allowed only with prior approvals .**)
- Splitting a purchase with the intent to circumvent the single purchase dollar limits is prohibited. State Fiscal Rule 3-1 requires a commitment voucher (purchase order or contract) for a single purchase greater than \$8500. The set dollar threshold includes shipping and any other associated costs. **A single purchase need identifies single or multiple items that are purchased from one vendor and that are all known to be needed at the time of the first purchase transaction. Purchases cannot be split based on different funding sources, programs, different recipients, different delivery locations, differing functionality of the items, etc.**
 - *Example of Intentional Split Purchase:*
 - Single purchase limit of \$3000 – Employee needs to purchase 6 shelving units, 1 tool and 1 ladder for one work order (project).
 - 6 shelving units totaling \$3,000, 1 tool totaling \$59.80, 1 ladder totaling \$100. Grand Total = \$3,159.80.
 - Employee decides to go to the store twice in the same day, split the bill into two invoices, one equals \$2,000 and the other equals \$1,159.80. This is an unacceptable use of the procurement card and therefore a violation.

- Example of **Unintentional Split Purchase, Allowable**:
 - Single purchase limit of \$2,000.

- Purchase from OfficeMax at 7:00 am miscellaneous office supplies \$1,300. At 3:00 pm, the same day, more requests come in from staff and another order is placed for \$1,500.
 - As a result, one item or order that costs more than the approved dollar limit, but which is charged among more than one transaction.
- Travel related transactions (airline travel, automobile rentals, lodging) when employee is in travel status.
 - Automobile related products and services – the State Fleet Card administered by State Fleet Management.
 - Service Contracts requiring authorized signature. No cardholder or department individual has authority to sign a contract (this includes Vendor Agreements and click-through Agreements) within the Department of Military and Veterans Affairs unless delegated from The Adjutant General as filed with Office of the State Controller.
 - Re-Occurring Vendor Services (occurs more than one time over a number of weeks and/or months).
 - Transactions for Services with the associated object codes involving the following: Temporary Employees (1910), Professional Services (1920), Attorney Services (1930), Medical Services (1940), IT Hardware Services (1960), and IT Software Services (1961).
 - Services, such as printing/photocopying and training, without prior approval (waiver) from the designated Department (see prior approvers checklist.)
 - Purchase of Items and/or Services that are on a Mandatory [Price Agreement](#), without the required waiver.

(Please see the next page as an easy reference of items not allowed.)

PRICE AGREEMENTS

The Price Agreements should be referenced PRIOR to making any purchases. The State of Colorado has obtained special pricing from hundreds of vendors. Some of these price agreements are mandatory. It is the responsibility of the cardholder to ensure the best pricing is being obtained for the card purchase failure to do so may result in a violation.

To access the current price agreements, go to the state website for information on all vendors that have current contracts through State of Colorado Price Agreements.

State of Colorado Price Agreement Information on the Internet: [State Price Agreements](#)

Price Agreement categories are listed alphabetically. Click on the general category for the item you are planning to purchase.

EXAMPLE: [Facilities Maintenance, Repairs & Operations \(MRO\)](#) contains janitorial supplies, lighting, plumbing, and more –

M – Mandatory – You must use this vendor and /or price agreement when making this purchase. There is no exception; not using the vendor must come in the form of a written waiver received from the State Purchasing office PRIOR to making the purchase.

P – Permissive –use of these vendors IS STRONGLY ENCOURAGED; if they can offer a better quality and/or pricing than those offered elsewhere. Be sure to use the correct vendor when using the state price agreement.

The price agreements cover a multitude of items and are readily used by state employees. More frequent use of price agreements ensures better pricing for the state when price renewals are negotiated.

When in doubt, Contact the Purchasing and Contracts Office for further clarification.

G.) VIOLATIONS AND CONSEQUENCES

It is the Cardholder's responsibility to purchase only items that are necessary to carry out their job requirements and to comply with state Procurement Rules, Fiscal Rules, Personnel Rules and Departmental policies.

“All incidents of suspected fraud and abuse of procurement cards should be reported in writing to the State Controller. This report should include results of any investigation or follow-up including corrective measures implemented to prevent or reduce the likelihood of future occurrences must be reported in writing to the State Controller in a timely manner. Any misuse of the procurement card must also be reported. Misuse is the improper or incorrect use of a state procurement card as determined by agency procurement program or other guidelines and state fiscal rules. Misuse may be either intentional or inadvertent and may not result in the cardholder receiving any pecuniary benefit. [Misuse that is recurring or significant or in excess of \\$500 should be reported.](#)”

Failure to Provide required proper Documentation is a Violation.

Definition:

Every transaction MUST have complete, valid source documentation from the vendor.

Valid source documentation may be:

- An itemized receipt and card transaction slip from the vendor.
- A packing slip from the delivery (if the items with pricing are included).
- Order forms for dues, subscriptions, registrations or similar items.
- An invoice showing credit card payment.

It is the cardholder's responsibility to let the vendor know that a priced document is required. **Vendor packing slips sometimes do not list individual pricing for items purchased on one transaction:** Lack of an invoice may make it more difficult to deal with reallocating the transaction to multiple accounts, and in partial returns. Ask that the vendor include an itemized invoice in the delivery along with the packing slip, or ask the vendor to fax an itemized invoice.

If you have lost the original documentation, or the vendor did not provide it, contact the vendor directly to provide it. If the vendor will not provide the documentation, you must provide the above information

and a justification for the purchase and the loss of documentation. Use the [Documentation of Lost or Unavailable Transaction Form of Lost Receipt Form](#).

Violation:

Lack of original vendor documentation for every transaction is a Cardholder violation. Transactions for which the vendor does not provide original documentation are not considered violations; however, this must be substantiated by reporting the information to the Purchasing and Contracts Office.

Failure to obtain required waiver(s), prior to purchase, will result in a Credit Card Violation.

H.) NUTS AND BOLTS OF THE PROGRAM

Differences between the Procurement Card and a Personal Credit Card:

This credit card is used like you would use a personal credit card; however, with the following differences:

- The department is liable for all charges made on individual procurement cards before it is properly reported as lost or stolen to **US Bank**.
- No personal credit check to determine eligibility.
- There is no personal liability on the card unless the Cardholder violates the terms of card use.
- The card is excluded from specific vendor types.
- Each card has limits specified by the Supervisor, Approving Official, and the Program Administrator.
- All transactions made on the Procurement Card are immediately downloaded to the bank, loaded into **US Bank Online Access**, and made available to program participants to review, edit, query and report.
- The procurement card activity is monitored by the Pcard Administrator.
- All procurement card purchases must have proper authority, signatures, documentation submitted to Accounting by the last working day of the month. Repeated tardiness may be treated as a violation.
- Approving Officials must review and sign off on the Statement of Account for each Cardholder who has made purchases during the previous cycle period. Approving Officials must sign violation

- **Approving Officials and/or Cardholders are to ensure that the Pcard is returned to the Pcard Administrator upon transfer or termination.**

The transactions made on the Procurement Card are billed directly to the Department although the name of the Cardholder is on the card. The Department pays **US Bank** for all charges made by every Cardholder. The vendor is paid by **Visa** typically within 48 hours of the vendor transmitting transaction detail to **Visa**. Every purchase is then allocated with several funding codes to debit funding sources for the amount of the transaction.

HOW THE PROCESS WORKS

Described below are 7 simple steps for using the Procurement Card to make and account for each purchase. Step 1 and 2 are usually done by the Cardholder, step 3- 7 varies from Cardholder, the Approving Official, or a support staff person. Regardless of who does what, each step must be done for every purchase. Further detail can be found in the [Procurement Manual](#) and throughout this Pcard manual.

Step 1 – Place the Order

Step 2 – Keep Track of Orders Placed

Step 3 – Receive and Inspect the Goods

Step 4 – Document each Transaction: Include Purpose of Purchase and Prior Approvals

Step 5 – Reallocate the Charges, if needed

Step 6 – Review and Approve the Statement of Account: Completed by Approving Official

Step 7 – File Source Document

In addition, other sources may request an audit of this program from time to time.

Vendors may need an official tax-exempt certificate form to exempt transaction from taxes: If the vendor needs an official tax-exempt form to process the purchase, one is available from Purchasing and Contracting.

Vendors who don't take **Visa:**

Suggest to vendors that they call 1-888-232-5472 to request information on becoming a Visa Merchant. You may also call the Purchasing and Contracts Office for guidance.

Approving Official Instructions:

1. Obtain an explanation from the Cardholder as to why this purchase was made on the credit card and what action has been taken to correct the situation.
2. Review the Cardholder's violation history to determine if the Cardholder has repeatedly had procurement card violations. This history will be a factor in the decision to warn the Cardholder or to revoke the credit card.
3. Evaluate previous card violations for:
 - Split purchases.
 - Inappropriate purchases.
 - Lack of documentation that was determined to be a card violation.

The Approving Official will investigate the number and nature of the Cardholder's violations and their impact on the agency. The determination needs to be made in consultation with the Liaison and/or Program Administrator and the Cardholder's supervisor.

- No revocation of the procurement card will occur at this time. If the Cardholder history indicates that the Cardholder does not routinely have violations of any type, the Approving Official may determine that the card will not be revoked at this time
- Revocation of the procurement card. If the Cardholder's history indicates that the Cardholder has a history of violations of any type, the Approving Official may determine that the card should be revoked.

If the violation involves any of the following, the Approving Official should review guidelines established for various program violations, if applicable.

- Personal purchase that was not immediately reported and corrected
 - Cash or cash type transaction
 - Lack of documentation that was determined to be a card violation and may involve fiscal misconduct
4. Obtain the Cardholder signature in the Cardholder Certification signature section.
